BE COVID-SAFE: SAFER BEHAVIOURS AND ACTIONS

Get vaccinated to reduce your risk of catching COVID-19, or becoming seriously ill and of passing it on to others.

Wash your hands regularly to limit the spread of COVID-19

Consider wearing a face covering in crowded, enclosed spaces.

Try to stay at home if you are feeling unwell.

Let fresh air in if meeting indoors, or meet outside to disperse COVID-19 particles and reduce the risk of spreading the virus.

# NHS Long Term Plan

The NHS Long Term Plan

- Sustainability and Transformation Partnerships
- Accountable Care Systems
- Fully integrate services and funding
- New powers and freedoms to plan how best to provide care, while taking on new responsibilities for improving the health and wellbeing of the population they cover
- Working together with patients and the public, NHS commissioners and providers, as well as local authorities and other providers of health and care services
- Big ambition – early intervention and prevention could save 500,000 lives...but is it deliverable?

# NHS Long Term Plan – Time for a refresh?

- Covid 19 - “Shock generates lessons” – NHS Confederation
- Predictions are that the refreshed long-term plan may include:
  - Transform access to urgent, emergency and planned care
  - Further focus on mental health, especially for young people

# Health and Care Act 2022

In 2022, the Act became law with the aim to deliver **better joined up care** for people who rely on multiple services.

Introduced 2 parts for statutory ICS's:

- **Integrated Care Board**
- **Integrated Care Partnership**

# Health and Social Care Integration – White Paper

- A framework for shared outcomes – national priorities and process for locally ‘place based’ shared outcomes across health and social care
- ‘Places’ to be the vehicles to deliver the strategic plans agreed at ICS levels across health and social care
- Leadership and oversight – decision making across health and social care to be accountable at a place level
- Key enablers to integration – Workforce, digital and data, and financial pooling / alignment)
- CQC inspection responsibilities

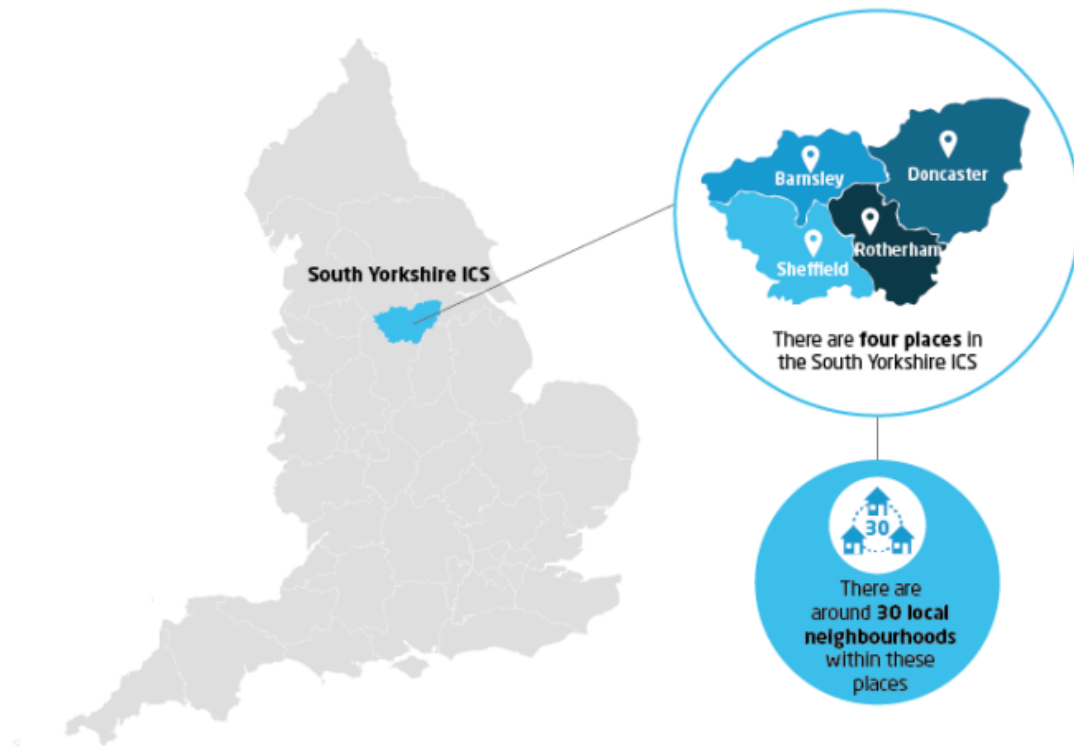

# Place-based Partnerships

- Place-based partnerships are collaborative arrangements between organisations responsible for arranging and delivering health and care services and others with a role in improving health and wellbeing.
- Typically involve the NHS, LA, and other local organisations within responsibilities for planning and delivering services, such as voluntary, community and VCSE organisations and care providers.
- Key building block for ICSs, however not statutory until the Health and Care Act.

# Health and social care and integration

## Better Care Fund Framework

- ICBs and local government must agree a joint plan, owned by the Health and Wellbeing Board (HWB)
- Plans support the use of **pooled budgets to support integration**, governed by an agreement under section 75 of the NHS Act (2006)

# Adult Social Care White Paper

- 10 year plan for adult social care
  - Choice, to live in
  - Access tailored
  - ASC is f
- **Person centred theme**
- **Outlines investment**

# People at the heart of care – Person Centred Care

“Embedding innovation takes dedicated leadership and good relationships, it requires consultation, engagement and co-production with people who need support and a workforce that are supported to champion and embrace new ways of working”

(People at the Heart of Care – White Paper, 2021)

# A digital Plan for Health and Social Care, DHSC 2022

**“This plan sets out that health and social care will be delivered in a fundamentally different way, taking forward what we have learned from the pandemic, and from tech pioneers across the world. The aim is something that we can all get behind: a health and social care system that will be much faster and more effective, and deliver more personalised care”**

- **Equipping the system digitally for better care** (Strong digital foundations are a platform for long-term transformation and they need investment)
- **Supporting independent healthy lives** (Enhanced digital channels will give people more control over their lives)
- **Accelerating adoption of proven tech**

# Technology and Digitisation of Care and Support

## Types of digital technology:

1

**Consumer digital technology or apps**

2

**Business support or care management systems (BSCMS)**

3

**Support and monitoring digital technology**

4

**Advanced digital technology**

# Any other legislation or emerging research which impact your commissioning roles and responsibilities?

- Domestic Abuse Act (2021) ?
- Housing Act (2004)?
- Mental Capacity Act (2005)?
- Procurement laws / Provider Selection Regime? (more on this in module 3...)
- Housing and care alignment?
- To name a few...

# National drivers - summary

- Choice and control
- Decentralisation
- Integration
- Prevention and early intervention
- A focus on outcomes
- Digital inclusion

# On your landscape

In breakout groups:

1. Identify up to three common key themes or aspects of the national agenda affecting your organisation/s or service area/s at the moment.
2. What are the implications of each of these themes for you as commissioners? What are the key challenges? Opportunities?
3. Be ready to feedback to the wider group your 3 'themes' and 1 challenge and 1 opportunity
