

Trade journals in Business Source Complete

Trade journals can be very useful for finding additional information for assignments based on company, industry or market studies. Business Source Complete contains trade journals; follow the instructions below to find some for yourself.

Connect to **Business Source Complete** through the [moodle database course](#) or the [library website](#).

The first screen that appears in Business Source Complete should be the **Advanced search** screen. Follow the instructions and reproduce the screenshots below to see how the searching works for yourself.

The screenshot shows the EBSCOhost Business Source Complete Advanced Search page. The search bar at the top contains the text 'daewoo'. To the right of the search bar are buttons for 'Search' and 'Clear'. Below the search bar, there are options for 'Select a Field (optional)' and 'AND'. On the left side, there is a 'Refine Results' panel with sections for 'Current Search', 'Boolean/Phrase', 'Source Types', 'Limit To', and 'Source Types'. The 'Source Types' section is expanded, showing 'All Results' and 'Trade Publications (1,529)'. The main search results area on the right displays a list of articles, including 'Daelim, Daewoo win major petchems plant order from S-Oil', 'Daewoo Auction Aftermath', and 'JGC and Daewoo frontrunners for Aramco's \$3bn facility'. Three callouts are present: 1. A red box around the search bar with the text '1. Type a company or product here. eg. concrete, BMW or cosmetics.' 2. A red box around the 'Search' button with the text '2. Then click search.' 3. A red box around the 'Trade Publications (1,529)' link with the text '3. Narrow your results by source type to see only trade publications.'

You should now see a list of magazine articles, reviews and periodicals, to read one click on the its title.
