

DISSERTATIONS LOCATION LIST (Updated May 2024)

A guide to the location of dissertations or theses submitted at Oxford Brookes University

MPHil and PhD theses

- All MPHil/PhD theses are **kept in the University libraries**; the majority of these are held at Headington, but some of those subjects based at Harcourt Hill (e.g. Education) are kept at those libraries. The Computing and Engineering PhD theses have all now been moved to Headington Library.
- They are all indexed on WorldCat, with links to the online version (stored on [RADAR](#)) when available.
- Brookes MPHils/PhD theses are also listed on the British Library EThOS service, together with information about whether available for download (EThOS takes this information from RADAR). <http://ethos.bl.uk>
