

## DISSERTATIONS LOCATION LIST (January 2019)

A guide to the location of dissertations or theses submitted at Oxford Brookes University

### MPhil and PhD theses

- All MPhil/PhD theses are **kept in the University libraries**; the majority of these are held at Headington, but those for subjects based at Wheatley (e.g. Business and Computing) or Harcourt Hill (e.g. Education) are kept at those libraries.
- They are all indexed on the Library Catalogue and on Discover, with links to the online version (stored on [RADAR](#)) when available.
- Brookes MPhils/PhD theses are also listed on the British Library EThOS service, together with information about whether available for download (EThOS takes this information from RADAR). <http://ethos.bl.uk>
