How to add a Twitter feed to Moodle

You will need to have a Twitter account to add a Twitter feed to Moodle. Login to your account and then go to http://twitter.com/settings/widgets and click on the **Create New** button.

Widgets Create and manage your widgets.	Create	new
Tweets by Media Workshop (@OBMediaWorkshop)	Edit	Delete

Complete the **Username** field on the **User timeline** tab. This should be the name of the feed that you want to add. Ignore the rest of the fields as the default settings seem to work fine. Then click on the **Create Widget** button.
