Chairman JOHN MORGAN Director MARTIN BALLARD

9. February 1972

Dear

You are invited to a press conference and luncheon to meet representatives of the Educational Equipment Association and the Educational Publishers Council. The press conference and lunch will be held in the Roxburghe Hotel, Charlotte Square, Edinburgh on Thursday, 17 February 1972, at 12 noon.

An embargoed press release will be sent to you in advance setting out the spending on books and other learning materials by Scottish local education authorities. This is the first time that these Scottish figures have been made available. The comparative expenditure figures by English and Welsh local education authorities have caused much interest in the past two years.

If you are able to attend the press conference and lunch or wish to send a representative, I would be very grateful if you could inform me, to aid the organizing of the lunch.

Yours sincerely,

Marilyn Edwards  
Press Officer  
(Educational Equipment Association and  
Educational Publishers Council)
