

MR. MURPHY:

Telephone message from Marilyn:

Dame Rebecca West would like her judges fee cheque made out to her. She intends to pass it on to the Society of Authors as last year but would like the cheque made out to her personally for 'unearned income' reasons.

Prof. Hoggart is still in France and has written Marilyn a letter about his fee - whether he can have it in francs or whatever - and Marilyn is sending you a copy.

When the time comes for the invitation cards to be printed, Marilyn has a map showing the wherabouts of Stationers Hall, if you would like this incorporated on the back of the invitation.
