Are you set up for Aspire bookmarking? If not, follow the instructions in *Getting started with Aspire*.

1. Go to Aspire (via Reading Lists on the Library home page) and log in as usual (see *Getting Started*)
2. Find the journal article on LibrarySearch or our Library databases e.g. Academic Search Complete, Business Source Complete, Education Research Complete
3. Click on the **article title** to see the **abstract and full text option** and **copy the article Permalink** so you can use it in Step 6 below (if a permalink option is not available just use the web address)

4. Click on 'Add to My Bookmarks'  in your toolbar.
5. The next screen contains the details of the article and a 'Is part of Journal' tab.

7. Tick the 'Online Resource' box and ensure it links to the Web address (**not** the DOI or the Open URL, as these often do not work especially for off-campus users)
