Dear Marilyn,

Further to our telephone conversation this morning, I enclose a copy of our letter to The President of The Publishers Association dated 1st November 1968 which set out the arrangements for The Booker Prize. I also enclose a copy of a Memorandum on the Prize.

I hope it will be possible to finalise the position on the 1972 judges by this weekend so that press publicity can commence in the near future. You must be finding the whole thing rather tedious at the present time.

It was nice meeting you for lunch the other day. Do let me know when you have any problems in connection with The Booker Prize.

Yours sincerely,

Michael Weekes
